

**INTEROFFICE MEMORANDUM**

**DATE:** August 23, 1996

**TO:** Squads  
**FROM:** Ed Fain, Staff Bridge Design Engineer  
**SUBJECT:** Curved Beam; Dead Load Deflection Spot Note

For curved beam detail drawings, use the following spot note with the dead load deflection diagram:

"Deflections shown are along the centerline of beam from the plane perpendicular to the web extending from centerline bearing to centerline bearing".
